Caribbean to launch iPhone4

Cable & Wireless Communications (CWC) today announced it will launch iPhone 4 in its Caribbean businesses in the coming weeks.

TSTT, the Trinidad & Tobago telecoms group in which CWC owns a minority stake, will also launch iPhone 4.

iPhone 4 is the most innovative phone in the world, featuring Apple's stunning Retina display, the highest resolution display ever built into a phone and FaceTime, which makes video calling a reality. For more information on iPhone 4 please visit www.apple.com/iphone.

About Cable & Wireless Communications

Cable & Wireless Communications is a global full-service communications business. We operate leading communications businesses through four regional units – the Caribbean, Panama, Macau and Monaco & Islands. Our services include mobile, broadband and domestic and international fixed line services in most of our markets as well as pay TV, data centre and hosting, carrier and managed service /social telecom (telecom enabled public services) solutions. Our operations are focused on providing our customers – consumers, businesses, governments – with world-class service. Serving the communities where we operate is at the heart of our approach, and we are committed to behaving in an ethical and socially responsible manner. For more information visit www.cwc.com.
