MONACO TELECOM SIGNS CONTRACT EXTENSION WITH KOSOVAN MOBILE OPERATOR

Monaco Telecom, a Cable & Wireless Communications business, has extended its mobile services contract with Post and Telecommunications of Kosovo (PTK), Kosovo's leading mobile operator.

Monaco Telecom International (MTI), a division of Monaco Telecom which invests in and provides services to operators in developing markets, has been a partner to PTK since the end of the Kosovo conflict in 1999.

PTK, which is owned by the Government of Kosovo, was the first operator to deploy a GSM network in the country of 2 million people. PTK has 1.2 million mobile customers using its Vala mobile brand.

Martin Péronnet, the Chief Executive of Monaco Telecom, said:

"We are delighted to continue our partnership with PTK. The signing of this contract is a great step for Monaco Telecom and the recognition of a great team effort working with PTK. Over time we have built a very solid business partnership."

MTI provides a range of services for PTK including:

- Managing its international incoming mobile traffic
- Supplying services for roaming customers such as SMS messages on entry and exit from the country
- Provision of roaming services and mobile content services
- Operational support services like the billing of GPRS roaming
- Services to detect and prevent fraud
- Use of Monaco Telecom's international dialling code by customers of the PTK mobile network, Vala

About Cable & Wireless Communications

Cable & Wireless Communications is a global full-service communications business. We operate leading communications businesses through four regional units – the Caribbean, Panama, Macau and Monaco & Islands. Our services include mobile, broadband and domestic and international fixed line services in most of our markets as well as pay-TV, data centre and hosting, carrier and managed service solutions. Our operations are focused on providing our customers – consumers, businesses, governments – with world-class service. We are the market leader in most products we offer and territories we serve.
